Doctors of Law

Recipients of honorary doctor of law degrees descend from the fieldhouse stage after the May 1 commencement. They are, from bottom of stairs, alumni William Moriarty and Dr. Kenneth Ahler, both of Rensselaer, and Joseph Cardinal Bernardin, archbishop of Chicago. At left, Dr. John Nichols and President Fr. Charles Banet lead the way.

One hundred fifty-one graduate; 10 receive new nursing degree

One-hundred fifty-one graduates received diplomas Sunday, May 1, during Saint Joseph's College's 93rd annual commencement ceremonies. The newest alumni include 85 Hoosiers, 43 residents of Illinois, 12 from Ohio, five from Michigan and one each from Kentucky, South Carolina, Connecticut, Oregon and Pennsylvania.

Ten women who are the first to earn bachelor of science degrees in nursing at Saint Joseph's College led the graduates' procession. Begun in fall 1987 in cooperation with St. Elizabeth's School of Nursing, Lafayette, the BSN program has now been completed by the following, all from Indiana: Wanda Gifford and Janet Hoover of Rensselaer; Gail

Bochenek, Anita Haisch and Martha Miller of Lafayette; Cynthia Bozich and Nancy Waits of West Lafayette; Linda Emberton of Brookston; Elizabeth Jenkins of Portage and Ann Minnicus of Delphi.

Graduates were encouraged to use their educations to benefit others by commencement speakers Joseph Cardinal Bernardin, archbishop of Chicago, and Kevin Michalski, a South Bend native and valedictorian of the Class of 1988.

Cardinal Bernardin reminded the graduates that their life's choices "and ultimately the quality of life in your communities" will be governed largely by their viewpoints.

"How we view reality is based

on our values," he stated. "Saint Joseph's has prepared you for the future by helping you shape a personal value system based on the Gospel."

By bringing Christian values to the marketplace and home and by giving first priority in their lives to Jesus Christ, the graduates, the cardinal said, "will not walk the path into the future alone."

In his address, Kevin Michalski thanked faculty, classmates and parents for their special encouragement. He also prayed for God's guidance to the graduates and to world leaders seeking peace.

Cardinal Bernardin, along with two alumni of Saint Joseph's College, received an

Pumas kick off 1988 football season in California

By MARY ELLEN CROSS

The 1988 Football Pumas are California dreaming about their season opener Sept. 3 at St. Mary's College in Moraga, CA. Located 90 miles east of San Francisco, St. Mary's challenged Saint Joseph's College to the Labor Day weekend match.

SJC varsity coach Bill Reagan said the trip will mark the farthest distance, in his knowledge, that an SJC football team has

ever traveled for competition. "And," he added, "It won't cost the College a thing."

Members of the 1987 Puma squad raised almost half of the expected travel costs by selling patrons posters. St. Mary's guaranteed Saint Joe's the balance of the expenses.

St. Mary's coach Craig Rundell extended the invitation in January. Rundell had seen the Pumas in action when he served

as an assistant coach for Wayne State University.

Reagan received faculty approval to add St. Mary's to SJC's 10-game schedule, after Anderson (IN) University dropped Saint Joe's from its fall line-up.

The only other Catholic college in NCAA Division II, St. Mary's has a student population about twice that of Saint Joseph's. It boasts an 8-2 football record for 1987, as compared to

the Pumas' 5-4-1 record. The Sept. 3 game will be "a pure athletic test," Reagan said.

"But, what we're doing transcends the game itself," he emphasized. Reagan said his coaching staff has always tried to provide players with out-of-the-ordinary experiences, such as last year's competition at the Indianapolis Hoosier Dome. He has planned the California trip from Sept. 1-4, so that, after

the 1:30 p.m. Saturday game, coaches and players can "have time to be tourists."

He also sees the trip as "a great promotion for Saint Joe's" and "an opportunity for West Coast alumni to see the team." Reagan noted that he has already heard from eager California alumni. "They said, 'We'll be there — We can't wait!'"

Tuition, boarding fees increased 9 percent

Saint Joseph's College will increase its tuition, room and board rates by \$830 to a total of \$9980 for the 1988-89 academic year.

The College's Board of Trustees approved this 9 percent cost increase upon the recommendation of James Thatcher, vice president for business affairs and treasurer. Of the \$830 increase, tuition will rise by \$610 to \$6960 per year, room will go up \$100 to \$1300 and board will increase by \$120 to \$1720.

"We expect the average cost increases in private colleges and universities to approach 8 percent nationwide for 1988-89, and our proposed increase will help

us catch up somewhat in areas of primary importance," Thatcher explained.

The cost increases are necessary to provide faculty salary improvement, to cover increases in Social Security payroll taxes and to increase student aid in an attempt to cover more justified need and compete for scholarly students.

"Our 1988-89 costs will allow Saint Joseph's to remain in the mid-range of all private colleges and universities within Indiana," said Thatcher. "We will be providing quality education, recreational opportunities, food, lodging and voluminous opportunities for growth and participation at a daily rate of \$44.55."

California

Continued from page 1

Saint Joseph's team will stay at the Concord Inn in Concord, CA, roughly a 20-minute drive from Moraga. Reagan hopes Puma supporters will also lodge there to lend encouragement.

A post-game reception for fans is being planned. Game ticket information was not available at press time.

Those unable to attend will be able to share the experience later, since the coach plans to videotape the entire trip."

The only difficulty Reagan foresees with the trip is his unenviable task of selecting the

50 players who'll travel to California. Some 60 veterans will return from the 1987 squad, and another 60 freshman recruits are expected. All players report for training at Collegeville Aug. 10.

Coaches will announce the traveling team about a week before the first game. Reagan said he will attempt to make accommodations for any players not making the cut but willing to cover their own expenses.

SJC cheerleaders and pom pon squad have also been invited to travel with the team, if they pick up their own tab.

SJC reaches century in '91 Memories, scholarship keys to celebration

By MARY ELLEN CROSS

A 3½ year birthday party has begun, celebrating a century of education at Saint Joseph's College. Chartered in 1889 and first offering classes in 1891, the College will observe its 100th anniversary in 1991.

A long and ambitious schedule of special events leading up to and through the centennial year started May 1 with SJC's 93rd commencement exercises.

Other observances include:

- Workshops and a writing competition geared at raising the scholarly sights of College faculty;
- Written, pictorial and videotaped / oral histories of Saint Joseph's;
- Appearances by prominent guest speakers in education, government and religion;
- Possible nationwide issue of a commemorative postage stamp;
- Special activities for homecomings, Parents Weekends, the Scholarship and Fellows dinners and other annual events.

Meeting since September 1987, a Centennial Celebration Committee has set the groundwork for these events and is looking for more suggestions. Members include Fr. Dominic Gerlach, Fr. Paul White, Fr. Charles Robbins, Fr. Ben Bertini, John Groppe, John Nichols, George Shuster, Jody Taylor, Jim Valentine and Mike Davis.

In May, the committee launched its first project, the faculty "Festschrift" — in German, "Festive Writings". Mike Davis explained that the competition of intellectual writings is a tradition of European universities. Typical entries would address social, moral and ethical issues in a faculty member's particular discipline or critique fine arts and letters.

Entries will be judged in May 1989 for prizes, and collected writings will be printed and released for campus-wide discussion in September 1990.

"If (Festschrift) is a success, we might make it a periodic affair and possibly open it up to alumni and associates of the College," Davis said.

Faculty workshops on classic Greek thought and philosophies of the Middle Ages are scheduled this spring and next. Davis said, "We want to strengthen this particular level of intellectualism," especially in teachers not exposed to those ideas through teaching Core.

The SJC community in general can broaden its knowledge of College history through several vehicles planned by the committee. Fr. Charles Robbins will prepare a second edition of a Saint Joseph's College chronology he compiled in 1983. A pictorial history, working from current time back to the College's founding, will be updated by its editor, Fr. Dominic Gerlach. (Persons willing to loan old photos of campus life should contact Fr. Gerlach.)

The Indiana Historical Society has expressed interest in partially underwriting videotaped interviews with persons recalling the impact of Saint Joseph's history on Jasper County, IN. Through John Groppe, the committee has applied for a \$2,500 IHS grant.

Saint Joseph's Centennial will be the theme of cover artwork for a 1990-91 telephone directory, distributed by United Telephone Systems in its Rensselaer / Monticello district.

A U.S. postage stamp, commemorating Saint Joseph's College's roots in a federally operated school for American Indian boys, has a reasonable chance of being printed. A stamp proposal has been submitted, as well as a request for a cancellation announcing the centennial. "There is a good certainty of the cancellation stamp," Davis said, "since that can be approved by the district office" of the Postal Service. The mark would be dispensed from a portable unit brought to Collegeville. "It could bring a lot of philatelists here."

According to Davis, the committee wants "a lot of input from other people" regarding ways to celebrate the centennial. Immediate needs include suggestions of commencement speakers for 1990 and '91, who would equal or surpass the prominence of the 1989 speaker, respected adviser to the U.S. Department of Education Ernest Boyer.

Thinking big, the committee has penciled in "POPE?" under Commencement 1991.

Cedar Lake woman voted Senior of the Year

A management major from Cedar Lake, IN, Debra Freche has been named Saint Joseph's College 1988 Senior of the Year. The daughter of Mrs. Patsy Freche and the late Eugene Freche and a 1984 graduate of Crown Point High School, Freche was selected by a committee of the Alumni Association from five senior finalists.

Freche was president of Dorm Government, captain of the women's tennis team and a member of Students in Free Enterprise, Campus Ministry, the Bike Club, Pax Christi USA and the Business Club. She twice earned all-Great Lakes Valley Conference honors in

DEBRA FRECHE

tennis. She also has received the National Collegiate Communication Arts Award.

Freche has accepted a management position with Bill Knapp's Restaurants in Florida.

Other finalists for Senior of the Year were: Tim Daly, a marketing major from Valparaiso, IN; Maureen Field, a psychology major from Indianapolis, IN; Kevin Michalski, a computer science major from South Bend, IN; and Natalie Penz, a biology major from Logansport, IN. All finalists were members of Blue Key and Alpha Lambda Delta national honor societies.

The son of Mr. and Mrs. John F. Daly, Tim Daly served as president of the Student Association and the Business Club in 1987-88. He was also president of his junior class and active in

committees for Student Life, Athletics, the Recreation Center, Little 500 and the Campus Judicial Board.

Maureen Field, daughter of Mr. and Mrs. Arthur F. Field III, served as a student representative to the Academic Cabinet and was a member of Psi-Chi Honorary Society. A co-captain and letter winner for women's track and volleyball, she also earned a basketball letter. She was president of the Psychology Club, active in Horseback Club, Ski Club, Business Club and Campus Ministry, and queen of both SJC's homecoming and Little 500.

Kevin Michalski, the son of Mr. and Mrs. James A. Michalski, was secretary / treasurer of Dorm Government and vice president of Alpha Lambda Delta. Valedictorian of the Class of 1988, he was named the 1986-87 outstanding junior computer science student.

Penz is the daughter of Mr. and Mrs. Mark V. Penz. She won the Edward J. Siegrist Outstanding Achiever in the Biological Sciences Award in 1987, was a member of the Science Club and Columbia Players and served as a Core science laboratory monitor.

Puma Personalities

Four Saint Joseph's College faculty members presented papers and talks at an April 8-9 symposium, celebrating the 25th anniversary of the papal encyclical "Pacem in Terris (Peace on Earth)."

Sr. Pat Robinson, Ph.D., John Groppe, Don Reichert, Ph.D., and Don Kreilkamp, Ph.D., addressed the legacy of Pope John XXIII's encyclical during the event, held at Calumet College of St. Joseph, Whiting, IN.

Kreilkamp's paper discussed

the historical origins of "Pacem in Terris" and Pope John XXIII's unprecedented vision of peace. "Pope John outlined human rights in a way they had never been outlined before," Kreilkamp explained.

In his paper, Don Reichert examined how the message of "Pacem in Terris" was readdressed by Pope Paul VI and Pope John Paul II, particularly in the latter's "The Social Concern of the Church."

John Groppe moderated a panel discussion "A Pedagogy

for Teaching Peace and Justice." Sr. Pat Robinson and Kreilkamp participated. The three explained how Saint Joseph's College teaches about peacemaking in its Core curriculum:

Dr. Robert Garrity, professor of philosophy and English, is the author of the poem, "Hidden Gratitude," recently published in the *Great American Poetry Anthology*. The poem had also received an honorable mention citation in the annual national poetry contest of the World of Poetry.

White earns Kaiser Award

College faculty members need to "put themselves at risk" and be graded on their knowledge, just as they put their students to test, says Dr. William White.

That's why White, an SJC associate professor of history since 1985, attempts to write and present conference papers annually. "Faculty can quickly forget the pressure they're under to perform well, even though they grade students all the time," White said.

His publication and conference work spanning 12 years earned White the Father Edwin G. Kaiser Faculty Scholar Award for 1987-88. Named in honor of the late professor emeritus of religion at Saint Joseph's, the award is given occasionally to a Saint Joseph's faculty member for outstanding scholarship.

White has addressed educational and historical conferences in the Midwest, Canada and Mexico. Most of his writing and speaking deals with three areas: 1) the subject of his doctoral dissertation, a comparison of the physical planning and growth of

Chicago and Toronto during the 19th Century; 2) Women and how they are treated in the U.S. Constitution; and 3) White's attempts to apply to teaching the theories of Harvard counselor William Perry.

White explained that Perry studied students' learning patterns and concluded some students see only right or wrong answers. While Perry applied this to career choices, White believes that teachers must recognize and adjust their teaching strategies to deal with this "right or wrong" mentality in the classroom.

Accepting the Kaiser Award at the April 12 Student Award Banquet, White praised Saint Joseph's students for their scholarly pursuits. "I told them that, as an undergraduate, never once did I produce a research paper as good as I've read at Saint Joseph's. I wasn't pushed to write or revise as students are here," he said. "At Saint Joe's (teachers) are not as concerned with a student's first draft as they are with the last draft."

Alumni profile

Bold strokes of ancients inspire artist

When inspiration for a painting strikes Craig Cahoon, the Saint Joseph's alumnus reaches for a knife, not a brush. On a large 54 in. x 42 in. canvas, he mixes and sculpts a thick pudding of paints, then scratches primitive figures and creatures into the uneven terrain.

These "desert-cavemen-like drawings" received critical acclaim during a January showing at The Collector Gallery and Restaurant in Washington, D.C. Reviewing the exhibit for the Washington Art Reporter, Ed Thompson wrote:

"Cahoon's mixed media of brushless, knife-manipulated layers of oil, acrylic, paint stick, interference (who knows what else) are built up into light-catching mixtures that resemble heavily glazed ceramic tiles. They are all quite beautiful."

According to Cahoon, the images in the paintings "come from dreams or are inspired by primitive archetypes and religious iconography."

His fascination with how different cultures express spiritual values through visual art has lead him on extensive travels through Europe and Asia.

But, the first step of his exploration started back in childhood with a stamp collection.

"Stamps . . . were my introduction to other cultures, languages, money, history, whole worlds of information on little pieces of paper that could be arranged into beautiful patterns," he said.

Painting and drawing since grade school, Cahoon found further inspiration for his artwork at Saint Joseph's College. "The rituals of the Catholic religion provided extraordinary costumes

English. In 1971, he received a master's degree in theological studies from Weston College in Massachusetts.

Cahoon then immersed himself in four years of art courses, his first extensive formal art training. He studied drawing, design, painting, photography and graphic art reproduction. The latter became his source of livelihood.

He designed artwork, publications and displays for a public library system. He worked for a printing company and a fine arts gallery and taught principles of graphic art production at a community college. He has also performed in an improvisational modern dance group and occasionally moonlights in massage therapy.

Since 1984, Cahoon has served five residencies at art centers in Massachusetts, Virginia, California and New York. The residencies provided Cahoon with some of his "most productive time" in terms of his personal artwork. Consequently, he exhibited work in eight group shows and three solo shows mostly in the Washington, D.C. area during that period.

Cahoon has made a gradual transition from "primarily making visual representations of

and pageantry couched in a mysterious Latin language. Studying African art plastic art with Fr. (David) Van Horn at St. Joe's showed me how other cultures deal with life and death mysteries."

He graduated from Saint Joseph's College in 1970 with a baccalaureate degree in

what I actually see to working out visually what I feel."

Presenting that highly personal vision to an audience meant "facing a lot of fears."

"Non-objective painting is an extremely emotional process — a self-examination," Cahoon explained. "My first show was really scary; the paintings seemed so personal that they might only have relevance to me. It was a difficult time, taking myself seriously as an artist."

"Having others take me seriously has taken time as well."

Painting is still "one of the most affirming endeavors that I have undertaken," the artist said. "It's a personal discipline and exploration with exciting discoveries, as well as communication with others. It's solitary in the making and social in the presentation. Although temporal, art is transcendent in effect."

Winds pummel Chapel

By MARY ELLEN CROSS

What did St. Philip Neri's midriff look like?

Stained glass artist Bill Thoma faces that question in reconstructing a window of Saint Joseph's College Chapel which depicted the saint.

Sixty-six mile-per-hour winds blew out a middle panel of the window and parts of four other Chapel windows here on April 6. Whipping through Indiana and Illinois, the unusual spring gale also tore roof tiles from the Chapel, uprooted trees and slightly damaged other College property. No injuries were reported.

In Collegeville, the 78-year-old Chapel took the worst beating from the wind. Replacing the Chapel roof tiles should cost between \$30,000 and \$35,000, while window repairs are estimated at \$14,000.

Thoma, who has done previous restoration work on the Chapel, is reconstructing the broken windows at his Vincennes, IN, workshop. He hoped to have them installed by July.

About 20 percent of the original glass can be salvaged and put back with new leading. The other glass — particularly St. Philip's midsection — Thoma will have to recreate from photographs.

Bill Thoma examines bits of glass from a Chapel window he will try to fit back together.

The economy of earlier College administrators has proved a blessing in the case of the damaged Chapel roof. Fred Plant, vice president for facilities and planning, explained that, when older buildings at Saint Joseph's were razed to make way for campus improvements, the clay tiles from their roofs were stockpiled. Those tiles can now go back into service on the Chapel, lowering

replacement costs significantly.

A weather station atop Halleck Center recorded gusts of 66.5 mile-per-hour on April 9. The big blow stripped bits of roofing from the Fieldhouse, water tower and three buildings on Saint Joseph's farm property. The wind also roughed up a baseball dugout, two batting cages and the football field scoreboard.

Relax at Lake Banet

Alumni and their families can still sign up for two fun-filled weekends at Lake Banet June 25-26 and Aug. 6-7.

Softball, volleyball, basketball, horseshoes and other games will be available for the active; lazy sunning on the beach and cooling off with a swim for others. Lifeguards will be on duty from 11 a.m. to 7 p.m.

Overnight accommodations in dormitories will cost \$2 per person. Each family attending is

responsible for its own meals. Grills will be available for cooking.

A Saturday dinner will be provided at the lake. The adult meal consists of steak, baked potato, salad and a cocktail or two for \$5. Children can have hamburgers, potatoes and salad for \$2.50.

The reservation form below should be clipped out and returned to Fr. Paul White, Saint Joseph's College, Box 870, Rensselaer, IN 47978.

Spring Sports Review

Women's track undefeated with 93 wins in 3 years

By CHUCK SCHUTTROW

Saint Joseph's women's track team continued its remarkable string of victories April 30 by rolling past 10 opponents as the Pumas claimed their third consecutive Little State championship and finished their season with a perfect 28-0 mark.

Saint Joe has now put together three straight unbeaten seasons — 36-0 a year ago and 29-0 in 1986 — and that adds up to 93 consecutive wins, by far the longest winning streak in any sport in Saint Joseph's history.

Final Little State team scores were: Saint Joseph's 126, Taylor 105, Indianapolis 100, Manchester 68, DePauw 42, Goshen 30, Vincennes 27, Anderson 24, Marion 19, St. Mary's 14 and Huntington 3.

SJC Coach Dave Smith pointed to overall team balance as the key to this victory. "We

won just four events, but it was our consistency in picking up points for second, third and fourth-place finishes that really helped us," he noted.

First-place finishers for Saint Joe in the Little State Meet were: Wanda Reaves, 400-meter run, 58.10; Karen Deno, 400-meter hurdles, 1:04.16; 4 x 100 meter relay team of Reaves, Rhonda Hawkins, Deno and Simek, 49.71; and 4 x 400 meter relay team of Renee Simek, Reaves, Deno and Christy Pedro, 4:05.32.

Pumas who finished second were: Deno, 400-meter run; Pedro, 800-meter run; Reaves, 200-meter run; and Tracy Payne, shot put and discus. Third place finishes were recorded by: Maureen Field, 10,000-meter run; Heidi Owens, 5000-meter run; Lisa Bishop, 3000-meter run; Maria Emerson, high jump; and Hawkins, long jump.

Men's Track

Saint Joseph's men's track team finished 10th in the Little State Meet April 30 at Wabash College.

Final team scores were: Anderson 137, Butler 97, Taylor 74, Wabash 69, Vincennes 60, Huntington 40, Indianapolis 39, Southern Indiana 37, Rose-Hulman 28, Saint Joseph's 24, Franklin 10, Manchester 4 and DePauw 1.

Saint Joe ends its season with a 10-27 record.

Tennis

Saint Joseph's men's tennis team finished its 1988 season with an eighth-place finish in the Great Lakes Valley Conference Tournament. Final team scores were: Bellarmine 24, Southern Indiana 16, Northern Kentucky 15, Lewis, 7, Indianapolis 6, IUPUI-Fort Wayne 3, Ashland 1, and Saint Joseph's 0.

"Although we failed to win any matches, I thought Brian

Specht and John Haddix played well against very solid competition," said Puma coach John Barrientos. "I was pleased that our team maintained good spirit and determination throughout the year."

The Pumas placed fifth among eight teams in the April 16 Kankakee (IL) Community College Invitational. Mike Robinson made it to singles championship play by defeating tough competitors from Saul Valley (4-6, 6-3, 7-6) and Olivet Nazarene (6-3, 6-1). He lost to Parkland 6-3, 6-2. Specht and Haddix both won consolation championships. The tennis team was 0-7 for the season.

Softball

Saint Joseph's women's softball team concluded its 1988 season with a 16-18 record. The team won a doubleheader from IUPUI-Fort Wayne (10-0, 7-6), then dropped two games to Ashland (11-6, 6-0). Laura Heyne and Kris Ruda were winning pitchers.

Johnson free agent for Raiders

Saint Joseph's fullback and 1988 graduate Rory Johnson, (Toledo, OH) has verbally committed to the Los Angeles Raiders as a free agent.

Considered but not selected during the April National Football League draft, Johnson received calls after the draft

from the Raiders, Kansas City Chiefs, Washington Redskins, Seattle Seahawks and the New York Giants, offering him free agent status.

Johnson set all-time single season SJC records last fall by rushing for 1,466 yards and scoring 16 touchdowns.

HUGH ROSSI

Rossi elected SJC Trustee

Hugh Rossi of Middletown, OH, has been elected to the Saint Joseph's College Board of Trustees.

A 1951 graduate who served on the Board of Advisors since 1987, Rossi is a retired educator. He served as a teacher, principal and superintendent of schools in the Coldwater, OH, area. He also taught history and government at Ohio Northern and Wright State universities. He was proprietor of Sawyer Business College operations in Dayton and Springfield, OH.

Varsity's 2nd half hustle stops alums 24-14

By CHUCK SCHUTTROW

Saint Joseph's 1988 football varsity, troubled by five turnovers and one of the better alumni teams in recent years, scored 17 points in an 11-minute stretch during the second half to claim a 24-14 win April 16 in the Pumas' annual spring game.

"The alumni played a great game, and I also must admit I'm concerned about some things I saw that we must improve upon before our season starts in September," said SJC coach Bill Reagan.

He pointed to pass coverage by the secondary and the defensive pass rush as items of most immediate concern, which is understandable, because the alumni completed 24 passes for 302 yards.

Good Arm

Dennis O'Hara '67 fired 21- and 24-yard passes, to set up a fourth quarter touchdown for the alumni.

Photo by Tom Sullivan

Moreover, the alumni attempted 58 passes and ran 76 total plays — 32 more than a varsity that totaled 32 rushing attempts and 12 pass tries.

The varsity defense against the run was more effective, as the alumni were held to 43 net yards in 18 carries.

On offense, the picture was a bit brighter, as the varsity netted 191 yards rushing in 32 hauls, a nifty 5.9 yards per try. Halfback Jimmy Allen led the ground troops with 150 yards in 18 carries, an 8.3 average.

Varsity quarterback Brian Hassett completed six of 12 aerials for 117 yards, including three strikes to split end Rodney Lewis, good for 92 yards. Flanker Jeff Fairchild added two catches covering 32 yards.

The varsity got the message early that this alumni squad wouldn't be a pushover, as the old-timers marched 95 yards in eight plays following a varsity punt for the game's first touchdown. Senior Pat Leonard fired a 26-yard strike to Dennis O'Hara ('67) at the alumni 40, and capped the drive with a 55-yard TD strike to senior Mike Misich with 6:48 left in the first quarter.

The pass for conversion failed, and the varsity responded by taking five plays after the ensuing kickoff to move 58 yards to a tying touchdown. Hassett found Lewis open for 30 yards at the alumni 25, then Allen ran 22 yards to the three, two plays before he plunged one yard for the TD.

Bob Budzielek booted the PAT to give the varsity a 7-6

lead with 4:16 remaining in quarter one.

With five minutes gone in the third quarter, the varsity moved 70 yards in seven plays following an alumni punt to set up Budzielek's 28-yard field goal. Hassett fueled the march with a 15-yard pass to Fairchild and Allen added 34 yards in four carries, then Budzielek improved the varsity lead to 10-6 with 6:30 remaining in the third quarter.

The varsity scored less than a minute later, as the alumni were forced to punt after three plays and Hassett promptly fired a 52-yard TD bomb to Lewis with 5:33 left in quarter three. Budzielek's PAT upped the count to 17-6.

But the alumni didn't quit and came back early in the fourth quarter with a seven-play, 58-yard scoring drive. O'Hara fired 21 and 24-yard strikes to John Geske ('81), with the second hookup moving the ball to the varsity eight.

Leonard circled his own left end for six yards and the touchdown two plays later, then Leonard passed to Angelo Oliva for the two-point conversion that narrowed the margin to 17-14 with exactly 12 minutes to play.

On the first play after the ensuing kickoff, Allen swept his own right end for 54 yards and the day's final touchdown with 11:29 remaining. Budzielek

tacked on his third PAT of the game.

The alumni led in first downs by 12-10 and in total offense by 345-308. John Majewski added 33 yards in six carries for the varsity.

(Other alumni on the game roster included: Kyle Myers '82, Tim Johnson '87, Greg Schoof '81, Joe Favia '81, John Ryan '87, Terry Robichaud '83, Scott Siedelmann '82, Scott Hibbard '87, Dave Bormann '82, Mike Lucas '81, Ron Bickel '76, Kevin Forrest '81, Tim Callahan '83, Gerry Potacki '81, Ken Budz '85, Ralph Loura '86, Scott Grove '83, Gary Barnett '83, Ed Spiers '69, Steve Sergi '85, and John Erby '85.)

Baseball team goes to tourney wearing Great Lakes crown

By CHUCK SCHUTTROW

For the first time in their history, Saint Joseph's baseball Pumas are champions of the Great Lakes Valley Conference Tournament. And for the second time in SJC history, the Pumas are headed for the NCAA Division II postseason tournament May 20.

Those hopes became facts April 24 when former Rensselaer Central High School hurler Chris Bell pitched a five-hitter for the Pumas against pre-tourney favorite Lewis. Saint Joe clubbed the Flyers 8-3.

Saint Joe finished the tourney with a perfect slate, following April 23 wins over Kentucky Wesleyan (4-3) and Lewis (7-2).

The tournament left the Pumas at 19-28 for the season.

"Chris did a super job of pitching; he changed speeds, stayed ahead of the hitters and kept them off balance," explained Puma coach Denny Stitz, who was named Great Lakes Valley Conference coach-of-the-year.

Saint Joseph's only previous NCAA tourney appearance came in 1975, when the Pumas finished as runnerup in the Great Lakes Regional. Stitz was a part of '75 Puma squad, too — not as a coach, but as a team's ace pitcher, who was subsequently named to the all-tournament team.

The Pumas receive the GLVC's automatic qualifier bid in the NCAA tournament, but the rest of the field will be completed until early and mid-May.

Saint Joseph's hitting attack came up short in three of four games as the baseball Pumas posted a 1-3 record in the Wright State Invitational, April 29-30. The Pumas opened Friday with a 17-4 loss to Pittsburgh-Johnstown and a 5-0 loss to Anderson (IN), but then SJC upset Division I Eastern Kentucky in Saturday's first game, 5-1. The Pumas dropped a second Saturday match to Wright State, 13-3.

Gandolf joins Hall of Fame

Former Saint Joseph's baseball and football star Dave Gandolf was inducted into the SJC Sports Hall of Fame April 16.

Now a teacher at Center Grove High School in Greenwood, IN, Gandolf earned three baseball and three football monograms at Saint Joseph's.

He had 17 career wins as a pitcher, and he set three single-season records in 1971: 11 victories, 22 mound appearances and 16 games started.

In football, he was the team's leading scorer in 1971 when Saint Joseph's posted a 8-2 season record and won the Indiana Collegiate Conference championship. He scored 59 points, coming on 11 field goals, 20 PAT kicks and one touchdown. He also caught nine passes covering 166 yards.

DAVE GANDOLPH

During the Pumas' 7-2 season in 1970, Gandolf was the second-leading scorer with 37 points on six field goals and 19 PATs. In 1969, he booted three field goals and eight PATs for 17 points.

If the black tie fits . . .

Attending the black tie Trustees Scholarship Dinner in Chicago were, left to right, seated, Brenda Caserotti, David Keilman '76, Carol and Dave Behnke '76; standing, Gail and Rick Meyer.

SJC hosts 287 at Scholarship Dinner

A record crowd of 287 persons attended the 19th annual Saint Joseph's College Trustee's Scholarship Dinner April 22 at the Ambassador West Hotel, Chicago.

The black-tie affair raised gross proceeds of \$65,000 for the scholarship fund. Alumni and friends of the college enjoyed a prime tenderloin of beef dinner and dancing to the music of the Richard Sarlo Orchestra.

Following dinner, Fr. Charles Banet, C.P.P.S., president of Saint Joseph's College, announced that Board of Trus-

tees member Frank Gallucci has asked the board to elect him to trustee emeritus status. Gallucci, a resident of Fort Wayne, has served as a trustee since 1969, including a term as chairman of the board from 1978-86.

Banet also presented awards of academic excellence to 1988 graduates Kevin Michalski of South Bend, IN, and Tamara Sue Wojasinski of Michigan City, IN.

Michalski and Wojasinski are the male and female students in Saint Joseph's senior class with

the highest cumulative grade point averages; the top-ranked man and woman in the senior class are honored at each scholarship dinner.

Michalski, a computer science major, has achieved a 3.97 grade point average. He is the son of Mr. and Mrs. James A. Michalski and a 1984 graduate of St. Joseph's High School.

Wojasinski, an accounting major, has achieved a 3.86 grade point average. She is the daughter of Mr. and Mrs. Edward Wojasinski and a 1984 graduate of Elston High School.

Dreiling, Br. Henry die in March

Two members of the Society of the Precious Blood remembered for their long service to Saint Joseph's College died in March.

Fr. Marcellus M. Dreiling, C.P.P.S., professor of mathematics at SJC from 1939 to 1971, died March 15 at St. Charles Seminary, Carthagena, OH. He was 78.

Brother Henry Luke, a farm and maintenance worker at the college for 49 years, died March 22 in Coldwater, OH. He was 89.

Funeral masses and burial for both were conducted at St. Charles, where they had lived since their retirements.

Father Dreiling was a native of Victoria, KS, who entered the Society of the Precious Blood Sept. 1, 1925, and was ordained May 10, 1936. He received his undergraduate education at Saint Joseph's (1928-30) and at St. Charles Seminary (1930-36) and received a master of science degree in mathematics from the Catholic University of America (Washington, D.C.) in June 1938.

Father Dreiling was a member of the Central Association of Science and Mathematics Teachers, the Indiana Academy of Science and the American Mathematical Society.

He wrote several articles that were published in "School, Science and Mathematics," the publication of the Central Asso-

ciation of Science and Mathematics Teachers.

Brother Henry was born Feb. 20, 1899, in Wooster, OH. He was professed as a member of the Society of the Precious Blood Dec. 3, 1920, and he studied for the next nine years at St. Charles Seminary before coming to Saint Joseph's.

During 1929-47, he worked in the cow barn, a large white wood structure that stood roughly where Halleck Center is now located. He served in the campus pasteurizing plant from 1947-54, then worked on the farms east and west of the main campus during 1954-65.

During his last 14 years at the College, he assisted in a variety of maintenance jobs, ranging from lawn mowing to cleaning carpets in campus buildings. He relished long hours of hard work: "When I worked in the cow barn, I'd be up at 3 a.m. and we'd milk those cows by hand until about 9:30 a.m., then after lunch I'd go back to the barn and work until 5 p.m." he told News Bureau Director Charles Schuttrout in an earlier interview.

Shortly before, this staunch Cincinnati Reds baseball fan retired to St. Charles, he explained his work ethic: "I want to keep on working as long as I can, because I'm very happy just being part of this college community. There isn't a thing I'd want that isn't already here, and I've been treated very well by everyone here."

honorary doctor of laws degree from the College.

Bernardin was recognized as a "voice of the poor" and a means of reconciliation for the diverse population of his Chicago archdiocese. A leader in the National Conference of Catholic Bishops, he was also cited for helping mediate conflicts within the Church and for extending the embrace of Catholics "to include the entire worldwide community of faith."

Rensselaer physician Kenneth J. Ahler and Rensselaer attorney William J. Moriarty were the alumni recipients.

Dr. Ahler was valedictorian of Saint Joseph's Class of 1962, when he received an A.B. degree in biology. He received his M.D. from the Indiana University School of Medicine in 1966.

clude membership in St. Augustine Catholic Church, the Rotary Club, the Executive Board of the Sagamore Council of the Boy Scouts of America, the North Central Region of the Boy Scouts and the Board of Directors of the State Bank of Rensselaer.

Moriarty, a partner with the firm of Dumas & Moriarty, received a bachelor's degree in political science from Saint Joseph's in 1961. He earned his J.D. degree from the Northwestern University Law School in 1964, was admitted to the Indiana Bar in 1965 and served as law clerk of the Indiana Supreme Court in 1964-65.

Moriarty served as Rensselaer city judge during 1966-71.

Moriarty received Saint Joseph's Alumni Service Award (1973), the Outstanding Young Men of America Award (1974) and founded Saint Joseph's Puma 100 Club in 1975.

A native of Chicago Heights, IL, Schenck received a bachelor of science degree in history from Saint Joseph's.

'74 Carol (Lane) Wood manager of Software Support, Regulatory, for Ameritech Services in Chicago, was featured in the November 1987 issue of Insider, a monthly publication for Ameritech Services employees. Wood was one of seven Ameritech employees interviewed regarding their current work in the Chicago area "on rotation" from various Bell Telephone Companies in the Midwest. The workers have the option to stay with Ameritech or return to Bell. Wood had been a staff associate at Indiana Bell for seven years, living in Indianapolis. The Insider article describes Wood's "uneasy decision" to leave the smaller city and accept Ameritech's promotion. She has reached a happy compromise by living in both her home state of Indiana and in Illinois.

"Today, I feel I have the best of all worlds," Wood states in the interview. "I walk to work from our downtown apartment, and, on weekends, my husband and I drive back to Indiana, because we have a home there, too." She is enjoying Chicago theatre and museums and reports that "concerns about big city aloofness have been set aside," thanks to the friendliness of co-workers.

Thomas M. O'Donnell served as Iowa field director of the presidential campaign of Sen. Paul Simon (D-IL). O'Donnell is a veteran of Chicago political organizing who got his first taste of organizing during his undergraduate years when he worked for the Cesar Chavez lettuce and grape boycotts and also assisted in campaigns for two congressional candidates.

He did graduate work at Roosevelt University in Chicago, where he also attended the John Marshall Law School. O'Donnell worked for Jimmy Carter's presidential campaigns in 1976 and 1980, Jerry春秋's bid for Illinois secretary of state in 1982, Jane Byrne's Chicago mayoral re-election campaign in 1983, two Illinois state representatives in 1986 and Cook County assessor Thomas Hynes' 1987 mayoral race.

SJC unit marches in St. Pat's parade

More than 50 Saint Joseph's College alumni and friends marched as a unit in the 33rd annual Chicago St. Patrick's Day Parade.

The marchers gathered afterward at Chicago's Celtic Club for green beer and bratwurst.

Parade organizer Joe Dillon expressed his thanks to all who participated and encouraged Puma supporters in the Windy City area to join the 1989 march.

Dillon acknowledged the special contributions of three alumni: Jim Riley '70, president of Riley's Tricks and Novelty Co., of Worth, IL, who furnished green hats for marchers; Jim Madden '64, who was instrumental in obtaining "an excellent parade position" for the SJC unit; and Steve Kizic '69, who arranged the loan of a 1958 Lincoln Continental Mark III from Ari Unger, Inc., NJ.
